Final Note by the Second Member of Council.

Subject:—

Extension of term of Dr. J.F. Robinson.

(36) The term of the engagement of Dr. J.F. Robinson as Durbar Surgeon and Medical Officer, Krishnarajendra Hospital, Mysore, expires on the 14th August 1932. Dr. Robinson having been asked whether he would be agreeable to the extension of his engagement for a further period of five years on the existing terms has, in his letter of the 1st February 1932 addressed to the General Secretary, raised certain points about increase of salary, grant of a provident fund, remuneration for the Principalship of the Medical College and for lecturing in Surgery and Gynaecology in the Medical College, and also regarding his leave and passage.

(37) After discussion with the Dewan I have, in a minute dated 10th instant, suggested the following terms:- Page 9 of Office Notes

(1) Pay: Rs.2,000 (the same as he is now drawing).

(2) A Provident Fund to be given. As there was no provision about Provident Fund in the last contract, the contribution may be fixed generously at Rs.200 per mensem. This would however have no retrospective effect.

(3) No allowance is claimable for the Principalship of the Medical College since according to the terms of his engagement he was to take up the duties of Principal in case the Medical College should be transferred to Mysore. But as he is also lecturing as Professor in addition to attending to the duties of Principal, an allowance for lecturing may be given, but only after the State finances improve and the salary cuts are restored.

(4) Leave: Under the terms of the present contract, Dr. Robinson can take 5/22 of the period spent on duty as leave on average salary. This may be continued and he may be allowed to go on leave next year, if necessary, anticipating some leave to be earned subsequently.

(5) Passage: Passages may be provided for Dr. Robinson, Mrs. Robinson and child to go to America and return. This will however be limited to expenses actually incurred.

do-do- (38) The Dewan minuted that the terms suggested by me appeared to be most generous and that if Dr. Robinson did not accept them he

may be allowed to leave at the end of his term.

Page 12 of Office Note (39) The question was considered in Council on the 16th instant when it was resolved that action may be taken as indicated in the above minutes of the Dewan and myself.

(40) I solicit His Highness' gracious sanction to the continuance of Dr. Robinson's engagement for a further period of five years on the above terms.

Final Note by the Second Member of Council.

Subject:—

Extension of term of Dr. J.F. Robinson.

(75) In continuation of my Final Note dated 19th February 1932 on the above subject, I beg to state that Dr. Robinson was requested to state if he was agreeable to the revised terms regarding his extension, which were approved by His Highness. In his reply dated 4th May 1932, Dr. Robinson has raised certain points about increase of salary and grant of Provident Fund with retrospective effect. He has also stated that the five years' extension should be renewable upon mutual agreement and terminable upon six months' notice on either side and that the terms regarding leave and passages should remain as heretofore.

(76) The Dewan, in his minute dated 13th July 1932, has suggested the following terms:-

"I had a further talk with Dr. Robinson and he agreed to the following terms:-

(1) Salary, Rs.2,000 per mensem, as now;

(2) A special allowance of Rs.250 for being Principal of the Medical College & for lecturing on surgery, etc.;

(3) Government contribution of Rs.200 to the Provident Fund for the new term (of course, not with retrospective effect);

(4) Engagement to be for another term of 5 years, subject to further extension, if Government wishes to retain his services and he is also agreeable. The clause about notice should be eliminated. Dr. Robinson should definitely undertake to serve the State for the new period without the option of resigning before the expiry of that period. x x x x x x".

(77) The condition that Dr. Robinson should definitely undertake to serve the State for the new period without the option of resigning before the expiry of the period, is proposed to be made

more effective by adding to it the following clause:-

"The Provident Fund will not be payable unless service for the full term of five years is completed".

(78) As regards the Provident Fund the Financial Secretary states that the usual contribution is one anna in the rupee. But in this case I proposed Rs.200 in consideration of the fact that there was no Provident Fund payable under the first contract.

(79) The Dewan and the First Member of Council are agreeable to the continuance of Dr. Robinson's engagement for a further period of five years on the above terms. I solicit His Highness' gracious sanction to the above proposals.

Re Extension of Dr. Robinsons term

File No. of 193 | General and Revenue Secretariat

From Dr. Robinson. Letter d. 10.8.32
Communicates ~~of~~ his assent to the terms proposed.

89) Mr. Robinson agrees to all the terms proposed, but observes ~~in this with reference to the~~ that ~~as~~ in view of the fact that "he was given to understand that the post was pensionable", he feels that Govt. are not fair in not recognising in some way his previous 5 years service.

90) It is not clear what "understanding" Dr. Robinson refers to. There is nothing on record ~~to~~ leading to such an inference. On the other hand, he was specifically told at the time of the first contract that the question of P. F. ~~would~~ could be considered only in case of an extension of the term, and he has been all through informed that no retrospective effect could be given to the P. F. contribution. His terms are guided by Special contract and no question of pension seems contemplated at any time. He does not seem to expect any order on this point. Submd. for orders.

My dear Sir Mirza

The enclosed is the letter I propose sending to Government, subject to your suggestions.

You will remember that I decided with hesitation to come here in the first instance upon a Salary of Rs. 2000, but that you induced me to do so, saying things would work out all right for me. I have been counting on an increase for a second term. However, now that retrenchment has come in I cannot reasonably expect an increase at the present, though I hope this will be forthcoming if conditions permit later. I was told that I should not have to do any teaching in the Medical College, but as there was no one to teach surgery, I took that on, & later Gynaecology

without asking for remuneration, thinking that matter would be taken care of in the next contract. I have given of my best & also put all my surgical equipment which I originally paid Rs. 850/-, into the use of the hospital. Much of this has deteriorated or been broken in use, so that I could not recover a quarter of it should I now decide to go back into private practice.

My wife and I are very grateful to you for your kind interest in housing us comfortably & while we know you wish done what you can it is necessary there is danger of the usual interminable procrastination upon the part of the department for lack of funds. We have spent about Rs. 1500 in various needs for the house, which really are part of furnishings — a stove, refrigerator,

(41

hangings, cupboards, etc. Be still require some rugs, some decorations & other articles to complete the necessary furnishings, besides the bed & admiral. You very kindly permitted us to order recently

It has been a constant struggle to get along with the many inadequacies & I hope that I once for all a full quota of furnishings, alterations & Naval & servants quarters can be arranged before I should set out on a new term so that there will be no more trouble for Government & us.

Would it be possible for the Palace to take over our

Household requirements? No one of those provided for by ~~Government~~ the Palace has had any difficulty in securing what was asked for promptly - This would save you trouble of having to get from Government what is necessary, & what is so difficult, often, to obtain.

This is a long screed & I hate to bother you with it but we didn't start right last term & I should like to do so for a coming term & be no further trouble on this score -

One of the Turner children has developed chicken pox which makes some complications as far as Prince Jaya is concerned.

(41

Her Highness, C.D. is doing splendidly — no cough, sleeping well, no fever, eating a little more & will go for a drive, this coming week.

I hope,

With kindest regards to Lady Mirza and yourself from my wife & myself,

Yours very sincerely
J. Robinson

P.S. The President of the Municipality is arranging for Dr. Smuts's public lecture to be given at Rungacharlu Memorial Hall on Saturday, the 13th. So both meetings are arranged for. JR

I am enclosing a fair copy of the letter to Govt. I spoke to Dr.

145

Mysore
9.11.32.

My dear Sir Mirza:

In continuation of our Conversation re my affairs, I wish to ask whether, if a pension were given me, it would be continued to my wife in the event of my death

If a provident fund be given, it seems to me that it surely must count for the whole term of my service and not only from a renewal To me this seems a reasonable view. I hope you will reconsider

this point & let me know your decision.

I would further urge that this teaching allowance be given from July/1932, for that seems surely my due. You may remember that you told me I should not have any teaching to do. As there was no one to take the Subjects I took them on & did not press for any allowance at that time though you & Mr. Nathan had discussed the matter of giving me some remuneration. There is no one else who teaches

subjects beyond then required
work who does not get some
remuneration & either, I feel,
someone should especially
take the subjects or that I
be given something for the
work. I have not pressed the
matter during these last two
college years, thinking that at
the time I came to arrange
for a new term, I should
find that satisfactory
compensation would be
arranged.

As you know, I do not
like to work in any amount

as a rule, but I feel the
labourer is worthy of his hire.

I should also wish that
for the coming term, an
increment of Rs. 100 per
month per year be arranged
on the Rs. 2000 salary.

I am sorry to trouble
you again about my affairs,
but I have to know about
these points & hope you will
give them your just consider-
ation.

Her Highness is better
today — temperature normal
this morning. With kindest regards,

Yours sincerely

Sir:

In reply to your letter containing His Highness's kind offer of a further term of service of five years, I write to ask what action Government will take in regard to the following points

I. The present retrenchment will probably be of a temporary nature. If and when normal conditions are restored, will an increase of salary be accorded?

II. In correspondence concerning the first contract, I raised the question regarding Provident Fund. I was told that t this would be considered when another contract was to be made. In reply, I stated that I should like it then to also take retrospective effect.

III. Will remuneration for Principalship and for teaching surgery and gynaecology in the Medical College be given?

IV. The house I first occupied in Mysore was very inadequately furnished. No additional furniture was provided when the hosue I occupy at present was taken over. Will the furnishing of this bungalow, which is a larger one, be completed?

V. In view of the fact that I was in England for a year of the past term, I am willing to postpone going on leave for a year. Will you please let me know when leave will be granted and for how long, etc. I should like to request that if necessary, passages for my wife and daughter be provided this year to England. The passage

from England to America for my wife and children may be postponed until I go on leave next.

VI. I would request that new terms include the provision of an increment of Rs. 100 per mensem per year.

I shall be pleased to have your replies to these points when they have been considered by Government.

Will you please convey to His Highness my gratitude to him for his kind offer of a further term of service.
